

2016 Annual Appeal

Goal - \$50,000

We give medical help to anyone who is in need. Since we are an all-volunteer organization with no paid staff and because space is donated by the Geneseo United Methodist Church, over 90% of your donations are used directly for client services such as dental and eye care, lab fees, and medicine, etc. Won't you partner with us to help fill the needs of those less fortunate than you?

Have you ever had to decide whether to pay the rent, buy groceries or get medical care? Many of our clients have. Even with the Affordable Care Act, many people cannot afford the high co-pays and deductible costs for office visits to their primary care providers, laboratory and x-ray fees, and prescription medication costs. Diabetics who come to us but are unable to pay for their insulin, are helped because of donations from individuals like you.

The Geneseo Parish Outreach Center has served 1482 clients since our inception in 2004. We partner with a number of dental, medical, and other health care specialists to provide care, including preventative care, for clients that need but cannot afford it. Diabetic and nutrition education, an emergency food pantry and weekly clinics are among our ongoing services.

Thank you for your support.

Donna Flaherty PA-C and Linda Weaver RN

Board of Directors

Donna Flaherty	President
Judy Beeman	Vice President
Lyle Lehman	Past President
Patricia Riggi	Secretary
Melissa Slater	Treasurer
Jean Farthing	Financial Secretary
Linda Weaver	Executive Director
Paul Frame	Medical Director
Sandi Bradt	Diana Harke
Jeff Crane	Kim Snyder
Joan Ellison	Tim Lowmaster

Who We Serve

- Those with no insurance.
- Those who are underinsured.
- Those who cannot pay for medications or specialty care.
- We have no geographical boundaries and have served clients from 11 counties

A Thank You Note

To everyone involved in the Parish Outreach Center – Thank you! This is the second surgery you have helped me with. I was able to take care of the hospital bills because I had saved a little for that reason, but would have taken me over a year

to pay that bill. My daughter told me I looked 10 yrs. younger. Words are not enough, but it's all I have to give.

Lauren Adams-Piasta

*Note: She does give back more. She volunteers.

A Thank You Hug

Barbara Montesano on the right gives a hug to volunteer Jean Farthing. She says she is glad we are here to help when needed, especially with high cost prescriptions.

Student Research

David Morris did a Return on Investment analysis for us when he was a business major at SUNY Geneseo. He found that the GPOC saved taxpayers about \$700 per person on patients with hypertension. Check our webpage for taxpayer savings with diagnosis of obesity, diabetes, dental needs and on those who smoke.

Our Mission

The Parish Outreach Center's mission is to support and empower the physical, social, emotional and spiritual well-being of uninsured and under-served children, women, and men.
